

IWT 2009 *International Workshop on Telecommunications*
February 16th - 19th 2009 - São Paulo - Brazil

Call for Papers

The aim of the International Workshop on Telecommunications is to discuss the continuous and fast advances in several areas of communications systems and networks. The IWT'09 organizing committee invites you to submit original papers addressing research topics of interest for presentation at the workshop and inclusion in the workshop proceedings. A summary of the main topics of IWT'09 is presented below. A full list of the themes is available at <http://www.inatel.br/iwt/>.

- Communication Theory
- Signal Processing
- Wireless Communications
- Wireless Networks
- Optical Networks
- Next Generation Networks
- Quality of Service
- Performance Modelling
- Adhoc, Sensor and Mesh Networks
- Communications Software and Services
- Computer and Communications Network Security
- Other Areas in Communications

SUBMISSION FORMAT

Potential authors are kindly invited to submit an Extended Abstract, which should be concisely written and with no more than 1500 words with 12-point font and double-spaced lines. It should emphasize the main work contributions and the inclusion of figures, tables and results is encouraged. The file must be sent to iwt09.submissions@inatel.br.

SUBMISSION DATES

Extended Abstract Deadline: August 15th 2008.
Acceptance Notification: October 1st 2008.
Camera Ready Deadline: December 1st 2008.

TUTORIALS

Potential authors for Tutorial presentations are kindly invited to submit their Tutorial abstract with no more than 1500 words. After the tutorial acceptance it is desirable, but not mandatory, that the Tutorial authors submit an extra support material that does not need to follow the guidelines for the papers. The support material will also be included in the workshop proceedings CD-ROM. The deadline for Tutorials is the same as for technical papers.

CONFERENCE WEB PAGE

Further information about the conference is available at IWT official web site. Please, visit <http://www.inatel.br/iwt/>.

For more information, please contact Prof. Dr. Carlos Alberto Ynoguti.
